EZ Connect™ Wireless Bluetooth USB Adapter

Quick Installation Guide

SMC-BT10 **SMC**
Networks

EZ Installation Wizard

Congratulations on your purchase of a EZ Connect™ Wireless Bluetooth USB Adapter (SMC-BT10). This Quick Installation Guide will guide you through a simple process to get your new SMC-BT10 installed. For additional information and advanced settings configurations, please refer to the manual included on the CD-ROM.

Step 1: Insert the Installation software CD into the CD-ROM of your machine.

It should start up automatically. If it does not, click Start and choose Run. In the field that appears, enter D:\SMC-BT10.exe (if "D" is the letter of your CD-ROM drive). Once the CD starts, the EZ Installation Wizard's screen should appear.

Step 2: You will be prompted to select the Language of your choice.

Step 3: The InstallShield Wizard will be launched. You can follow the instructions to finish the software installation.

Step 4: Restart the Computer. After the BlueSoleil software package is installed, you will need to restart the computer. This is to make sure that the installed Bluetooth Device takes effect.

Step 5: When the computer has been restarted, start the BlueSoleil application by clicking Start |Programs|IVT BlueSoleil|BlueSoleil.

Note

1. For Windows 98SE and Windows ME, the Dial-up Adapter and Windows's component direct cable connection needs to be installed to run the Dial-up Networking profile and LAN access profile.
2. You need to configure Bluetooth Network Adapter IP to run PAN profile.
3. More details on how to use IVT BlueSoleil, please refer to Online Help, User Manual and any other support document.

Windows 98SE/ME

Expected Outcome:

1. Installed Files & Directories (by default):
 - <Windows program files>\IVT Corporation\BlueSoleil BlueSoleil execution and support files.
 - <Current user>\My Documents\BlueSoleil Support directory. This is the directory for Object Push and Synchronization. Received cards and other objects will be put here.
2. Installed Devices:
 - 6 Bluelet virtual COM ports
 - 3 Bluelet virtual Modem
 - BT Network Adapter
 - HID device

Windows 2000/XP

Expected Outcome:

1. Installed Files & Directories (by default):
 - <Windows program files>\IVT Corporation\BlueSoleil BlueSoleil execution and support files.
 - <Current user>\My Documents\BlueSoleil Support directory. This is the directory for Object Push and Synchronization. Received cards and other objects will be put here.
2. Installed Devices:
 - 6 Bluelet virtual COM ports
 - 2 Vcomm Manager
 - 3 Bluelet virtual Modem
 - BT Network Adapter
 - 6 HID device
